There are rarely symptoms (pain, bleeding) associated with the aging and deterioration of teeth and gums – until it is far too late. According to the ADA, more than 80% of adult Americans have some level of gum disease. With your permission we would like to explain the choices available to achieve long-term health and beauty for your existing natural teeth. Please check all that apply:

- Spreading payments out over time may help me to achieve the excellent results I desire.

- I am interested in a plan for long-term dental health. However, I am currently unable to pursue this, and would appreciate help with emergencies and cleanings for now.
- Although I am not interested in a plan for long-term dental health, I do desire an office who will treat teeth in need of immediate/emergency attention, as well as keep me up to date on cleanings.

Our office is pleased that you have insurance benefits to help you with the cost of your dental care. We would like to help you obtain the maximum use of these benefits. We will always make our recommendations based on what we believe is the very best treatment for you, regardless of you insurance coverage or financial arrangements. With this in mind, please read the information on our insurance claims process so that we can work together to ensure this benefit.

DO YOU ACCEPT MY INSURANCE? /HOW MUCH WILL THEY PAY?

We currently accept all private care insurance (plans that do not require you to select a dentist from a list or require our office to accept a reduced fee for services). This means that we work with thousands of companies. Although we can maintain computerized histories of payment by a given company, they do change; therefore, it is impossible to give you a guaranteed quote at the time of service. We estimate your portion based on the most up-to-date information we have, but it is ONLY AN ESTIMATE.

I THOUGHT I PAID MY PORTION BUT I GOT A BILL. WHY?

We base the patient portion of your bill on our most current data, but there are many factors that can affect this estimate. There may be a deductible (individual or family) or you may have received treatment in another office prior to visiting our office, which is not calculated into our database. Sometimes you may need to see a specialist for care, which also uses your annual benefit. Insurance companies do not (and cannot in most cases) notify us of changes to your benefits, they only notify you. If these situations apply to you, please let us know when we estimate your treatment plan so that we may adjust accordingly.

INSURANCE DIDN'T PAY. NOW WHAT?

We bill your insurance as a courtesy. If insurance does not pay within 90 days, we reserve the right to request payment in full for services from you and let you collect the insurance funds that are due you. This is rare, but it is important that you recognize the insurance you have is a legal contract between YOU and your insurance company. Our office is not, and cannot be, a part of that legal contract. Ultimately, you are responsible for all charges incurred in our office.

FINANCIAL OPTIONS

Our office does request payment in full for your estimated portion at the time of service. All accounts not paid in full after 90 days will be charged a finance charge at a rate of 2% per month (24% per annum).

- **A) Payment at Time of Service:** You may choose to pay your obligation for each visit with cash, check, or credit card at the visit.
- **B) Prepayment (For treatment over \$400):** A prepayment Bookkeeping Courtesy of 5% will be given for direct payment in full by cash or check three business days before the first treatment visit.
- **C) CareCredit Plan:** Because your smile is important to us, we offer CareCredit, a healthcare credit card specifically designed to pay for treatments and procedures not covered by insurance. CareCredit has two unique features. Every CareCredit transaction is eligible for a No Interest Plan or Low Interest Payment Plan, and you can use the card at all healthcare practices that offer CareCredit. As the leader in patient financing, CareCredit has made it easy for millions of patients nationwide to get the treatment they want and need. For treatment amounts from \$1 to over \$25,000, CareCredit has a variety of low minimum monthly payment plans. So you can start treatment today and use it again and again without having to reapply!

We welcome you to our family and look forward to helping you get the healthy, beautiful smile you've always wanted. If there is anything we can do to make your visits here more pleasant, please don't hesitate to ask one of our staff members.

I have read, understand, and accept the terms of the above outlined policies for insurance handling and financial commitments that I may incur as a result of treatment at your office, Jared R. Anderson, DDS, PC.
